Reasons for excisions:

Not Applicable

**Summary of reasons
for classification:**

The HD DVD entitled *The 40 Year Old Virgin* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The HD DVD contains a feature originally examined as a 35mm film by the Office of Film and Literature Classification (OFLC No. 501705 registered 22 September 2005). It was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years". The feature was also contained on a DVD that also had other components and was assigned the same classification (OFLC No. 502386 registered 25 January 2006).

The HD DVD feature is 5 min 26 sec longer than the DVD feature. This is due to extended scenes in the feature which are also found elsewhere on the HD DVD. The extra eleven components on the HD DVD are made up of three behind-the-scenes commentaries, a trailer, a dated sex education film, and deleted extra scenes. These extra components include matters of sex, crime and highly offensive language of a similar level as those in the original film. These components do not require the HD DVD to be given a different classification to the other publications examined.
